The Providence Way

For more than 160 years, Providence has helped to set the health and well-being standard for the region. As our organization has grown, our efforts have aligned under a single mission: to bring True Health to each and every member of the community.

True Health is a commitment to caring for the whole self: mind, body, and spirit. The concept is rooted in the idea that the healthier each of us are, the healthier we all are. We don't deliver True Health to members as a single tool or finished product, because it's more than that. It's an idea, a set of goals that evolve as we learn — a legacy we build together.

We all deserve True Health.

Medicare 101

Getting Started

Enrolling in Medicare can be complex, but we're here to keep it from getting confusing.

This guide will explain what your options are and help you take the next step with confidence.

Before you can enroll in a Medicare Advantage plan, you'll need to be fully enrolled in Original Medicare.

Original Medicare

Original Medicare is basic health coverage provided by the government and is a combination of two programs: Part A and Part B.

Part A

Hospital insurance

+ Inpatient hospital services
+ Skilled nursing facility care
+ Hospice care
+ Home healthcare

Part A comes at no cost if you or your spouse paid Medicare taxes for at least 10 years.

Part B

Medical insurance

+ Outpatient services
+ Doctor visits
+ Outpatient lab tests and x-rays

Part B is paid for based on income and is usually deducted from your Social Security or Railroad Retirement Board.

What's not covered?

Original Medicare covers a lot, but not everything. About 20% of typical out-of-pocket medical costs are left up to you as the individual to cover.

Original Medicare *doesn't cover* services like:

+ Rx drugs
+ Dental
+ Vision
+ Hearing aids
+ Alternative Care

With Providence Medicare Advantage Plans, you will get the additional coverage you need along with financial peace of mind.

To speak with a Providence Medicare Advantage expert, call **1-833-949-0263 (TTY: 711)** or explore and enroll online at **ProvidenceTrueHealth.com/guides**

Additional Medicare Coverage

Extending Coverage. Controlling Costs.

Many Original Medicare members choose additional Medicare coverage or a Medicare Supplement plan to help them with the costs and services they need.

Additional coverage comes in three forms:

+ Medicare Advantage (Part C)
+ Prescription Drug Coverage (Part D)
+ Medicare Supplement (Medigap)

If you feel that you would benefit from additional Medicare coverage, rest assured that Providence has a plan option to meet your needs — whatever they may be.

To speak with a Providence Medicare Advantage expert, call **1-833-949-0263 (TTY: 711)** or explore and enroll online at **ProvidenceTrueHealth.com/guides**

Additional Medicare Coverage

Part C

Medicare Advantage

Providence Medicare Advantage Plans include Parts A, B, and many include Part D, while offering extra benefits and services not covered by Original Medicare, such as:

+ Eyeglasses
+ Hearing coverage
+ Wellness programs

While Original Medicare has no out-of-pocket maximum, Providence Medicare Advantage Plans do, giving you more financial freedom and dependability.

Because it is additional coverage, if you enroll in a Part C plan, you'll also continue to pay your Part B premium.

To speak with a Providence Medicare Advantage expert, call **1-833-949-0263 (TTY: 711)** or explore and enroll online at **ProvidenceTrueHealth.com/guides**

Part D

Prescription Drug Coverage

Original Medicare doesn't cover prescriptions, so private insurers offer prescription drug coverage plans to help with the out-of-pocket costs of:

+ Brand-name drugs
+ Generic drugs

If you don't enroll in Part D coverage when you enroll in Original Medicare, you end up paying a late enrollment penalty. Luckily, most Providence Medicare Advantage plans include Part D coverage, and there are many standalone Part D plans offered on the market. So you have options.

Medigap

Medicare Supplement Plans*

Medicare Supplement plans are designed to help with the out-of-pocket costs associated with Original Medicare.

Medicare Supplement lets you pay a set cost per month, rather than paying for services as you go. With this coverage, you can visit any Medicare-accepting provider or specialist nationwide and without referral.

*Medicare Supplement does not cover prescription drugs, so you will need to pair it with a Medicare Part D plan. Additionally, Medicare Supplement cannot be combined with a Medicare Advantage plan (Part C).

Original Medicare

Who's Eligible?

To be eligible for Medicare Parts A and B, you must be a U.S. citizen or a permanent legal resident for at least five years and be age 65 or older.

If you're under age 65, you're eligible if you:

+ Are permanently disabled and have received disability benefits for at least 24 months
+ Have end-stage renal disease (ESRD)
+ Have Lou Gehrig's disease (ALS)

Enrolling in Medicare at age 65

If you are collecting Social Security or a Railroad Retirement Pension, you will be automatically enrolled into Medicare Parts A and B.

If you are not collecting Social Security or a Railroad Retirement Pension, you will need to apply for Medicare Parts A and B.

+ Apply on the Social Security website: **ssa.gov/benefits/medicare**
+ Visit your local Social Security office
+ Call Social Security at **1-800-772-1213 (TTY users can call 1-800-325-0778)** or the Railroad Retirement Board (if you worked there) at **1-877-772-5772**

One plan. Many advantages.

Pre-Enrollment

Checklist

Providence Medicare Advantage Plans

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at **503-574-8000** or **1-800-603-2340 (TTY: 711)**, 8 a.m. to 8 p.m. (Pacific Time), seven days a week.

Understanding the Benefits

- The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit **ProvidenceHealthAssurance.com/EOC** or call **503-574-8000** or **1-800-603-2340 (TTY: 711)** to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the formulary to make sure your drugs are covered.

Understanding Important Rules

- In addition to your monthly plan premium (including $0 premium plans), you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month. The Part B premium is covered for full-dual enrollees who are eligible for Providence Medicare Dual Plus (HMO D-SNP).
- Benefits, premiums, and/or copayments/co-insurance may change every year.
- When selecting an HMO product, remember that except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).
- Our HMO-POS plans allow you to see providers outside of our network (non-contracted providers). However, while we will pay for certain covered services, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you will pay a higher copay for services received by non-contracted providers.
- Providence Medicare Dual Plus (HMO D-SNP) is a dual eligible special needs plan (D-SNP). Your ability to enroll will be based on verification that you are entitled to both Medicare and medical assistance from a state plan under Medicaid.
- Effect on current coverage. If you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage healthcare coverage will end once your new Medicare Advantage coverage starts. If you have Tricare, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact Tricare for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.

Coverage Gap (Applies to all tiers)	Most Medicare drug plans have a coverage gap (also called the "donut hole"). This means that there's a temporary change in what you will pay for the drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches $4,660. After you enter the coverage gap, you pay $0 for Tier 6 (Part D Vaccines), no more than $35 per month for Select Insulins, and 25% of the plan's cost for the covered brand name drugs and 25% of the plan's cost for covered generic drugs until your costs total $7,400, which is the end of the coverage gap. Not everyone will enter the coverage gap.

When you join Providence

You're part of something bigger than an insurance policy. You're part of a community of care, focused on your health and well-being. To help you make the right health care decisions, we're providing this summary of benefits, a succinct guide that breaks down what we would cover and what you would pay if you joined our Providence Medicare Bridge + Rx (HMO-POS) plan. To be clear, this summary of benefits is just that, a summary. It doesn't list every service that we cover nor every limitation or exclusion. Plans may offer supplemental benefits in addition to Part C benefits and Part D benefits.

For a complete list of services that we cover, please refer to the Evidence of Coverage (EOC). You can request a printed copy by visiting **ProvidenceHealthAssurance.com/EOC** or by calling our Customer Service department at one of the numbers listed in the "Get in touch" section below.

Coverage Gap (Applies to all tiers)	Most Medicare drug plans have a coverage gap (also called the "donut hole"). This means that there's a temporary change in what you will pay for the drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches $4,660. After you enter the coverage gap, you pay $0 for Tier 6 (Part D Vaccines), no more than $35 per month for Select Insulins, and 25% of the plan's cost for the covered brand name drugs and 25% of the plan's cost for covered generic drugs until your costs total $7,400, which is the end of the coverage gap. Not everyone will enter the coverage gap.

Stand-alone Medicare Prescription Drug Plans (Part D)
Medicare Prescription Drug Plan (PDP): A stand-alone drug plan that adds prescription drug cover- age to Original Medicare, some Medicare Cost Plans, some Medicare Private-Fee-for-Service Plans, and Medicare Medical Savings Account Plans.
Medicare Advantage Plans (Part C) and Cost Plans
Medicare Health Maintenance Organization (HMO): A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergencies).
Medicare Preferred Provider Organization (PPO) Plan: A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors and hospitals but you can also use out-of-network providers, usually at a higher cost.
Medicare Private Fee-For-Service (PFFS) Plan: A Medicare Advantage Plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you – not all providers will. If you join a PFFS Plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.
Medicare Point of Service (POS) Plan: A type of Medicare Advantage Plan available in a local or regional area which combines the best feature of an HMO with an out-of-network benefit. Like the HMO, members are required to designate an in-network physician to be the primary health care provider. You can use doctors, hospitals, and providers outside of the network for an additional cost.
Medicare Special Needs Plan (SNP): A Medicare Advantage Plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.
Medicare Medical Savings Account (MSA) Plan: MSA Plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.
Medicare Cost Plan: In a Medicare Cost Plan, you can go to providers both in and out of network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you will be responsible for Medicare coinsurance and deductibles.
Medicare Medicaid Plan (MMP): An MMP is a private health plan designed to provide integrated and coordinated Medicare and Medicaid benefits for dual eligible Medicare beneficiaries.
Dental/Vision/Hearing Products
Plans offering additional benefits for consumers who are looking to cover needs for dental, vision or hearing. These plans are not affiliated or connected to Medicare.
Hospital Indemnity Products
Plans offering additional benefits; payable to consumers based upon their medical utilization; sometimes used to defray copays/coinsurance. These plans are not affiliated or connected to Medicare.
Medicare Supplement (Medigap) Products
Plans offering a supplemental policy to fill "gaps" in Original Medicare coverage. A Medigap policy typically pays some or all of the deductible and coinsurance amounts applicable to Medicare-covered services, and sometimes covers items and services that are not covered by Medicare, such as care outside of the country. These plans are not affiliated or connected to Medicare.
