Formulary – Your List of Covered Medications

A formulary is just a list of generic and brand name prescription drugs that are covered under your health plan. The medications listed on your formulary have been approved based on their safety, quality, effectiveness, and affordability. Providence provides this comprehensive list to all members with pharmacy benefits.

Helpful Tip: Ask Your Provider About Generic Medications

- Generics save you money, and they are safe to use and just as effective as brand-name medication
- Most plans offer a low or zero-dollar copay for common generic drugs¹

Enjoy Access to a Nationwide Network

There are thousands of participating pharmacies you can choose from to get the medication you need. Retail and preferred retail pharmacies offer a 30-day supply, or up to 90 days for maintenance medication. Also, when you fill a prescription at a preferred retail pharmacy, you may save money.

A Specialty Team for Specialty Pharmacies

Specialty drugs require careful handling or administration (like refrigeration or complex injection instructions). To make sure you have the information you need, you'll have access to a dedicated, specialty care team. They'll provide you with extra support, including where to find your nearest specialty pharmacy, and how to get financial assistance when available.

Save a Trip to the Pharmacy – Have Your Medication Delivered

When you switch to mail order you can get what you need delivered directly to your home.² Just have your provider send your prescriptions to one of our preferred mail order pharmacies: Costco Mail Order or Postal Prescription Services.³
